ABOUT US

COMPANY PROFILE

Zhou Xing Environmental Plastic Co., Ltd. is a leading manufacturer of eco-friendly food packaging for the global market. **We specialize in certified, fully biodegradable PET and PLA cups and bowls,** ideal for cold drinks, ice cream, deli items, and salads. All products meet strict international standards, with **certifications including BRC, BSCI, ISO 9001, BPI, EN, and SGS**.

Our **140,000 sqft factory** in Guangdong runs **over 10 automated production lines**, supported by a 120+ member R&D and production team. This enables a stable **monthly export volume of 50–60 containers** and an **annual output exceeding 120 million RMB**.

With in-house mold development, we offer flexible customization to meet the unique needs of global brands. Contact us for competitive, sustainable packaging solutions.

PRODUCT SUPERIORITY

Trustworthy quality

1 High Transparency & Food-Grade Safety

Food-grade PET material, odorless and free of harmful substances, safe to use; high-transparency and shiny cup body, the internal state is clear at a glance.

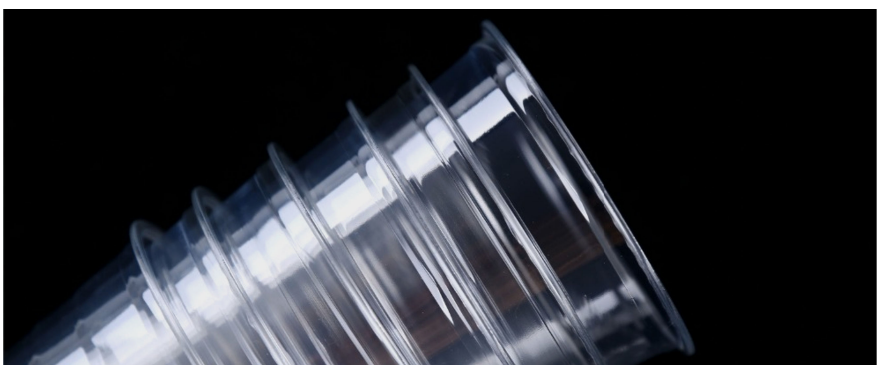

2 Excellent Flexibility & Durability

Thickened high-quality PET raw materials, good flexibility, not easy to break or deform, durable.

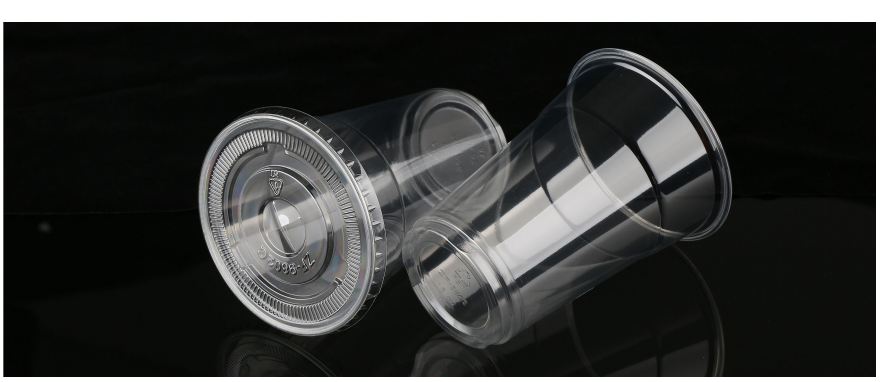

3 Smooth & Rounded Rim

The cup rim is finely polished, rounded without burrs, no lip scratches, and comfortable to drink from.

4 Reinforced Base & Sealed Lid

Reinforced cup base with anti-slip lines, placed stably and not easy to tip over; the lid is tightly sealed, no leakage when inverted, portable and worry-free.
